I have been completely deaf in one ear, and partially so in the other, for above seventeen years, with a disagreeble discharge from both ears, combined with continual rambling noise in the head, for which I have been treated by a most eminent practitioner in the city without the slightest relief. I consulted Dr. Von Eisenberg, but I must candidly say that had no faith in his success when I did so. It is therefore due to Dr. Von Eisenbergto acknowledge that I am entirely cored; lso, that he displayed that skill and knowledge which have recured for him such an unrivaled reputation. CHRONIC CATARRH CURED.

This is to certify, that I have suffered from very severe CHRONIC CATARRII, with a dull heaviness in the head. felt my nose completely stopped up, accompanied by continual coreness of the threat, the chills stealing over me with occasional hot flushes, a great tightness of the chest, and pain, so nuch so that every one thought it was consumption. Having heard of the great cures performed by Dr. Von Eisenberg, I consulted him, with but little hope of a cure. I am now happy to be enabled to add my testimonial to the great number already in the Doctor's possession, as to his scientific and successful mode of treatment, as he has shown in my case that skill and knowledge which have procured for him so great, reputation. I am so entirely restored to perfect health that do most sincerely recommend all sufferers from CHRONIC CATARRH and SORE THROAT to apply at once to Dr. Von Eisenberg, with a certainty of being cured.
